Application for a grant in aid for the purchase of furniture and maps for the Chatra Veda Siddhanta Sabha Schools in the Civil and military Station of Bangalore.

Notes and orders.

With letter No. 2497 dated 11th November, 1884, the Director of Public Instruction forwarded an application from the Secretary to the Chatra Veda Siddhanta Sabha Schools for a grant of Rs 500/- towards the purchase of furniture and maps for the use of the School.

Mr. Rice in forwarding the application, stated that the Institution was an old one, under native management, that it has been aided by Government for a quarter of a century, that a grant in aid of Rs 2000 was made in 1873 for the erecting of the present premises, and that the monthly grant is Rs 50/-

(Continuation of Note or Précis.)

There are 203 boys in regular attendance besides 46 who attend only in the afternoon and the School fees yield Rs 45 a month and Rs 20 are obtained from private subscriptions.

3. The Director is of opinion that the furniture and maps now in the School need renewing, and a set of maps can be supplied for Rs 50/- whereas Rs 150/- is entered for this purpose in the application. He therefore recommended the grant of Rs 250/- on the understanding that an equal sum was contributed from private funds.

4. In reply, in letter No. 1805 dated 8th December, 1884, the Director was informed that the Resident could, under the Rules, only sanction a grant amounting to half the cost of furniture and maps actually required and purchased, and at this rate, the grant would only be Rs 236-8-0 (half of Rs 473) or in reality Rs 50/ less, for a set of maps, as remarked by the Director, would only cost Rs 50/- and not Rs 150/-. He was therefore requested to ascertain and report what were actually required and what the cost would be when the necessary provision would be made in the budget for half the Cost and the grant in aid would be paid when the articles were reported to have been actually received in the School. Sl. No. 5

5. Thereupon, the Director, with letter No. 3837 dated 30th March, 1885, forwarded a list of the articles required for the School, the cost of which amounting to Rs 357-8-0, and recommended the grant of half of that amount. He

Sl. No. 6

was informed in No. 152 dated 21st April 1885, that the grant recommended would be sanctioned on receipt of a report that the required articles were purchased by the Managers of the Institution.

Sl. No. 7

6. Now, in letter No. 3124 dated 30th January, 1886, the Director reports that the articles were purchased by the Managers of the School and approved by the Deputy Inspector of Schools. He therefore requests that instructions may be issued for the payment of the grant-in-aid of Rs 178-12-0 being half the cost, on presentation of a receipt countersigned by him.

13. This School has long been in receipt of a grant-in-aid of Rs 50/- a month. In 1873, a building grant of Rs 2000/- was sanctioned for this School by the Govt. of India & furniture grant of Rs 178-12-0 was made in Feb. 1886. Towards the re-erection of the Compound wall a grant of Rs 284/- was made in March 1888. S. 2 S. 9 S. N. 4. file 609 1888.

14 From the inspection report now furnished, it appears that the strength was only 94, that the attendance was not good, that the results of the Examination were "wretched" & that the work done during the year was "abominable". page 10. " 13. " 15

15 Mr. Marsden has offered certain suggestions in pages 9 & 13 of the report to revise the scale of teaching staff

& to provide for certain registers, books & maps & the repair of the School building.

He recommends that the manager of the School be informed that aid will be discontinued unless his suggestions are complied with at an early date.

16. Mr Marsden's proposals may be approved, & he may be asked if approved to give the necessary warning to the manager of the School. Perhaps a date might be fixed, say 1st Nov 1893, by which the necessary changes & improvements should be made & submitted for Govt approval.

21 In a petition dated the 6th March 1897, the Hon: Secretary, Chakra Veda Siddhanta Sabha School, Ft St Stephen, complains against the levy of certain rates imposed on that institution by the Ft St Stephen Municipality. S.15

22 This school is a private institution aided by Govt. It receives from the Ft St Stephen revenues a grant-in-aid of Rs 50/- a month. As the present petition is an "appeal" against the orders of the Municipal President, it seems that the petition should bear stamps to the value of Rs 2½. & that it should be accompanied by a copy of the order appealed against.

23. The rates imposed are:-

	Rs. A. P
House & lighting rates —	14-6-6
Scavengering Cess —	6-0-0
	20-6-6

The School paid no tax hitherto; in 1897, it is stated that a tax of Rs 4-5-2 was levied but that on appeal the President remitted it. The ground on which remission is asked for is that the School is a charitable institution. House tax is levied under Sec: 64 of the Regulations, but charitable institutions are exempted from payment of this tax under Municipal bye-law No. 92. Perhaps this bye-law was

applied

applicn hitherto to this School in respect of house & lighting rates, & the School paid no rates. As for Scavenging* cess, the case is quite different; it is not a tax or rate, but it represents payment for certain special services rendered by the Municipality & must be† recovered in every instance. Govt & Municipal buildings & Chattrams pay the cess - 24 as regard house & lighting rates, the Secretary appears to have had recourse to sections 73 & 74 of the Regulations, & the President assisted by certain Comm^rs have passed orders declining to entertain the Secretary's request. If the Secretary be dissatisfied with this decision as he evidently appears to me, he should seek redress in the District Court under the provisions of Sec: 78 of the Regulations.

25. Submitted for favour of orders - If approved, the Hon'ble Secretary may be referred to the provisions of Sec. 78 & 106 of the Municipal Regulations & informed that the Resident sees no reason to interfere.

Forwards an application from the Secretary of the Chatur Veda Siddhanta Saleha School, requesting a grant of Rs. 500 towards the purchase of furniture and maps as detailed in the petition.

This is purely a native school, European or Eurasian Children are not admitted into it.

The Secretary to the School Committee applies for a Government grant of Rs 500 to purchase furniture and apparatus for the use of the School, with a promise to raise an equal sum from other sources.

The furniture &c now required with their cost are given below

5 Chairs at 4 Rs	20
10 tables at 9	90
15 Benches at 5	75
9 desks 12	108
6 Blackboards at 5	30
1 Set of maps	150
	Rs 473

Mr Rice states that the value of the maps has been overstated at Rs 150 whereas a set can be procured for Rs 50, thereby reducing the Cost to Rs 373, and the Director recommends a grant of Rs 250 which is about 2/3rd the amount.

It will be seen from Mr Rice's letter that there are 208 boys on regular attendance at the School.

The income of the School at present is Rs 65 p m. & the Govt grant is Rs 50 p m. according to the old rules for grant in aid this School is only entitled to Rs 48 p m as the maximum amount, so it now actually receives Rs in excess of the amount allowed by the rules.

No. 2497. Bangalore, 11th November 1884.
Encl. 1.

From

The Director of Public Instruction.

To

The Assistant to the Resident

in Mysore.

Sir,

I have the honour to forward for the orders of the Resident the enclosed application, in original, from the Secretary of the Chatur Veda Siddhanta Sabha Schools, situated in the Civil and Military Station of Bangalore, requesting a grant of Rs. 500 towards the purchase of furniture and maps as detailed in the petition

2. The schools in question are a very old institution, under native management, including Tamil, Telugu, Canarese and English branches, and have been aided by Government for a quarter of a century. A building grant of Rs. 2000 was made in 1873 for the erection of the present premises, and the monthly grant drawn is

Rs 50. There are 203 boys in regular attendance besides 46 who attend only in the afternoon. The fees yield Rs 45 a month, and Rs 20 are obtained from private subscriptions.

3. The furniture and maps need renewing, but the value of those on hand is much over-stated, the original and not the actual value being stated, and they are worth only about Rs 150. A set of maps can be supplied for Rs 50, whereas Rs 150 is entered for this purpose A grant of Rs 250 therefore, on the understanding that an equal sum is contributed from private funds, would probably suffice to meet the necessities of the case.

I have the honour to be,

Sir,

Your most obedient servant

Director of Public Instruction.

From
The Secretary
Chatur Veda Siddantah Saba School

To
The Director of
Public Instruction, Mysore
Bangalore.

Sir

By desire of the managing Committee of Chatur Veda Siddanta Saba School, I beg to represent the following for your kind consideration and orders.

1. This School was established at a time when Western Education was thought by our simple minded Pandits, Elders & Upadeyaers, as a dangerous art and not sought after with that eagerness as it is now done; but at a time when it was avoided and shunned — their bigoted pride and self complacency blinding them and made them to think that they possess more than enough in their own virgin mine of Sanscrit literature and its sister tongue, for excavation of new treasures untold the

Sirs

Sun and snow last — and no wonder that there were in a body have in their blind zeal pronounced that no comparison could ever be brought to bear with the love of Sun, nor any nation dare venture to unlock the mysteries of the language of the Gods —
Hence the parents and the pupils had to be enticed and persuaded, and the advantages of Education in Modern systems had to be so forcebly laid before them; that even then, the good and Philanthropic originators had often times wavered, whether to continue, or give up —

2. Thus this Institution having defied the greatest obstacles and discouragings, stands forth as a Monument, having sent to the world from its walls, numberless trained and better men during the past 44 long years of its Establishment; and cheering those still surviving first founders (although many have passed away, but not without satisfaction that they have done some lasting good to the coming generation) and encouraging them to

to continue in their good work and to watch the Institution and the great progress it is now making with pride & satisfaction; and to call to memory those days gone by in which these good men have struggled and met with so much opposition—

3. Of the very few who are thus still spared from the first band of founders of this Institution, I beg to be permitted to bring to the notice of Government the name of our venerable and worthy Patron Mr. Royabahadoor A.R. Sabapathy Moodr. who has been our most prominent supporter, wise councilor and to whose calm judgment and lively interest displayed, from a long and uninterrupted course of 44 years, in all measures connected with the improvement and steady working of the School, I may almost say the Institution owes its existence.

4. As for the results that have been achieved they are many and are of divers kind:— the every day laborer who toils in the mud, the bricklayer with his trowel, a mechanic with his rude (even an artizan

with his brush, a merchant in his trade and account books; are all now tolerably educated, and are able to transact their business and to strike down the Profit & Loss, without depending upon others; and more especially after their days toils are over, and the twilight set in and before committing themselves to repose, to hum and chant a few verses from the Vedas, in praise of the Divine Being who bless and provide their daily wants, which they have learnt in this Institution ___ In fact the results are not confined to these working Lower and Middle classes alone, but the large number of officials who swell the Rolls of the administration of this Province, and among the many enjoying highest position in the State, will acknowledge and trace their first rudiments, to this Institution.

5. The School had a monthly grant from the Mysore Government in the year 1863 and later on, obtained Rs 2,000 on account of Building Fund in the year 1867, by which the managers of this Institution have been enabled to build up a large and com-

1873 ?

Commodious School house — I am here desired by the Managing Committee, not to slip the opportunity to offer their heartfelt thanks to the Mysore Government, then, under the administration of the British, and to note that if they had not come forward with such liberality, and sustained it by a monthly Government grant, the managers would not have been in a position to maintain its efficiency and progress as it is now at this day.

6. There are 200 pupils on the Rolls and the School is teaching up to the Middle Class Standard in English, Canarese, Tamil, Telugoo and Canarese. There are also 8 teachers to impart instruction in the several languages —

7. The School had not received since its commencement, any grant from Government on account of Furniture, Maps &c., and especially the necessity for a supply with a set of good and improved wall Maps, is greatly felt to enhance the study of Geography, a thorough knowledge of which, is not only so essential to eradicate ancient

ancient traditionary nations, and to give room to the modern western knowledge regarding the earth we inhabit, but also to enable the students to pass successfully the Middle School Examination.

8. There are at present the following furniture in the School:—

32	Benches at $5 each costing	$160
2	Black boards at $12 "	$24
3	Desks at $10 "	$30
1	Desk small "	$5
7	Chairs at $3 "	$21
6	Stools at $2 "	$12
1	Almirah "	$30
2	do at $15 "	$30
1	Clock	$15
		$327

and about Maps we have hardly any thing worth noting:—

1 Map of Europe old
1 do World Tamil
1 do do Telugoo
1 do India Tamil
1 do do Telugoo

Additional furniture and utensils required:—

5	Chairs at $4	$20
10	Tables at $9	$90
15	Benches at $5	$75
9	Desks at $12	$108
6	Black Boards at $5	$30
1	Set of Maps in English and vernacular including all costs	$150
		$473

100 | 100 = 373 / 186

$800

9. I therefore beg that you may be pleased to recommend the School for a "Furniture and Apparatus grant" amounting to Rs 500 to enable the Managers to purchase the requisite furniture and maps, the Committee promising to raise an equal sum from other sources, and we doubt not, that our most able, kind, and learned President, who has already evinced such unprecedented and careful attention, and liberal support to every grade of Schools in the Civil and Military Station of Bangalore, would give his special and favourable consideration, to this only aided Institution of its kind, under the sole Management of the natives of the country, and which has stood almost half a century, dispensing its gifts to the youths who come under its influence—

10. As this Vernacular Institution should march and keep pace with the times, the Managing Committee, had to introduce the teaching of English a few years ago, but from the last two years, they had

to —

to raise the standard of English Instruction from an Elementary to that of a Middle Class, and hence the engagement of a very expensive staff of Teachers —
The Committee intend to apply for an increase of grant, which will form the subject of another correspondence.

11. In conclusion the Managers cannot forget the year, from which the School began to revive, and to receive a fresh impetus, on and after your first inspection visit to the Institution; as the Chief Inspector of the Provinces of Mysore and Coorg in the latter part of 1865 — nor could they be ungrateful, in not expressing their very highest regard, for the new system of classification of the School, and useful books ordered to be introduced; the study of Geography, which was till then greatly neglected, and to the devotion of greater attention to that most useful science the Arithmetic — for these and for many other of your

wise

wise counsels given in subsequent years, and upon which the teachers base their actions up to the present day, the Managing Committee offer their thanks to you not only in their own name, but also in the name of the general public.

I beg to remain

Your most obedient Servant.

Bangalore

Sir,

I am directed to acknowledge the receipt of your letter No. 2497, dated 11th November 1884 submitting an Application from the Secretary to the Chatur Varna Siddhanta Sabha School in the Civil and Military Station of Bangalore for a grant of Rs. 500 towards the purchase of furniture and maps for the use of that School.

2. In reply I am to state that the Resident does not clearly understand what the Managing Committee of the Siddhanta Sabha School mean, when they agree to raise Rupees 500 if Government will give as much, but only mention Articles estimated to cost Rs 473 as required, and should all be at a low price only Rs 1000 are wanted. The grant in Aid rules in force

allow of grants being made for buildings, and for books of furniture, but rule 5. C, applies to grants in aid of this description, and Government can therefore only sanction a grant amounting to half the cost of furniture and apparatus actually required and purchased, At this rate I am to observe. The grant named hereby Rs. 236 (half of Rs 473) or in reality Rupees 50 less, for as you remark a set of maps will cost only Rupees 50 instead of Rs 150/.

3. The Resident will be obliged if you will kindly ascertain and inform him what additional furniture and apparatus are actually required and what the cost will be, when the necessary sanction will be made in the budget for half the cost, and the
